Housing authority plans upgrades

After securing **\$9 million** in private funding, the **San Bernardino County Housing Authority** will make investments in energy- and water-conservation measures to its affordable-housing apartment complexes, according to a news release. The authority has 1,667 affordable-housing units in the county. More than 900 in Barstow, Chino, Colton, Fontana, Redlands and San Bernardino are being upgraded to new energy-efficient water sub-metering, plumbing fixtures, thermostats, lighting, windows and xeriscaping, or landscaping in ways that reduce the need for irrigation.
